Subject: Microsoft Settlement

To Whom It May Concern:

In regards the currently proposed settlement in the Microsoft anti-trust case:

The proposed Microsoft settlement is completely inadequate in my opinion. As the Director of MIS of a small (\$10 million) company, I deal with Microsoft and their business tactics each and every day. If there was any reasonable way that we could purchase and use competing products, we would. However, Microsoft has basically crushed any company and/or product that would make that possible. The currently proposed settlement would ultimately do nothing to alleviate this problem; therefore, Microsoft will not loose any of its monopoly power.

Please spend my and my colleague's tax money wisely and offer a settlement that alleviates the problem.

Sincerely,

Ken Kimball [kkimball@mossinc.com]
